## SOPHISTICATION IN MOTION.

With its wide stance and on-point design cues, the 2018 Taurus makes a powerful statement. It is designed to respect your comfort and respond to your needs.

The standard 3.5L engine provides plenty of power and torque for this 5-passenger full-size sedan. To help you stay poised through the corners, even when accelerating, there's standard Torque Vectoring Control.<sup>2</sup> The system applies slight braking force to the inside front wheel as needed to help more torque reach the road and keep Taurus firmly planted.

Keep on track through sharp turns with standard Curve Control.<sup>2</sup> When it senses you're taking a curve too quickly, the system can slow Taurus by as much as 10 mph in about a second to help maintain control. Plus, all-wheel drive (AWD)<sup>3</sup> balances torque between the front and rear wheels to enhance handling and traction. The 2018 Ford Taurus is designed for maximum agility.

Limited. Burgundy Velvet Metallic Tinted Clearcoat. Available equipment. <sup>1</sup>Actual mileage will vary. <sup>2</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. <sup>3</sup>Available feature.

## SOOTHES YOUR SENSES.

From finely stitched seats to eye-catching accents, each meticulously assembled Taurus interior is filled with elements designed for your enjoyment. Heated and cooled power front seats, power-adjustable pedals and power sideview mirrors are standard on Limited and SHO. All feature memory<sup>1</sup> to make life even more convenient. You can choose from 7 colors of ambient lighting<sup>2</sup> according to your mood, while the Audio System from Sony<sup>®2</sup> with Clear Phase<sup>®</sup> and Live Acoustics<sup>™</sup> technology can enhance your listening pleasure on every drive.

Ready for any season, Taurus offers a heated, leather-wrapped steering wheel<sup>2</sup> for those cooler days. Use the 5-way control pads on either side to adjust certain vehicle settings while keeping both hands on the wheel.

Ready. Set. SHO. 0-60 mph in 5.5 seconds<sup>3</sup> and a quarter mile in 14.4 seconds.<sup>3</sup> Taurus SHO excels at true enthusiast performance. Under the hood, a 3.5L EcoBoost<sup>®</sup> V6 provides instant straight-line acceleration from the twin turbos and direct injection. Standard all-wheel drive (AWD) is paired with a sport-tuned suspension and vented disc brakes for optimal driving performance.

The SHO Performance Package takes your experience to the next level with a 3.16:1 final drive ratio, sport-calibrated steering, high-performance front brake pads, performance summer tires,<sup>4</sup> and an enhanced sport-tuned suspension featuring unique shocks and springs. Plus, the "Sport Mode" setting on the AdvanceTrac<sup>®</sup> electronic stability control lets you do some fine-tuning of your own.

# SYNC 3

STAY CONNECTED ON THE MOVE.

Imagine controlling calls, music and more with just a touch and your voice. SYNC® 3<sup>1,2</sup> lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri® into Taurus with Siri Eyes Free and your paired iPhone®. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.

# READY TO ASSIST.

## IN TRAFFIC

Adaptive cruise control & forward collision warning with brake support<sup>1</sup> can adjust the speed of Taurus to maintain a preset gap from the vehicle in front of you. If a potential collision is detected, the system can visually and audibly alert you, and pre-charge the braking system to help provide full responsiveness when you brake.

## BETWEEN THE LINES

Drifting out of your lane? The Lane-Keeping System<sup>1</sup> can help. By applying steering wheel torque, and even alerting you with steering wheel vibration, it helps direct you to return to your lane.<sup>2</sup>

## CHANGING LANES

BLIS<sup>®</sup> (Blind Spot Information System) with cross-traffic alert<sup>1,3</sup> warns you if it detects a vehicle in either of your blind spots while driving forward, or approaching from the sides while in Reverse.

## WHEN PARALLEL PARKING

Active park assist<sup>1</sup> is a beauty to behold. It not only assists you in finding a spot, it steers you into it while you control the accelerator, brake and gear shifter as needed.

## KEEPING THINGS STABLE

Standard on every Taurus, AdvanceTrac<sup>®</sup> electronic stability control helps reduce skidding and fishtailing, which is beneficial in various kinds of inclement weather.<sup>4</sup>
